21st December, 2023

Bernd NuBbickel,

Email: info@nussbicke.tax

Dear *Bernd*,

It was a pleasure to have you visit Moi University on 19th December, 2023 to discuss areas of possible cooperation between German partners and our University. Our conversation provided insights, and we are enthusiastic about moving forward collaboratively to achieve our shared objectives. Our conversation identified some areas of possible partnership, which involve external stakeholders:-

1. **Support for Renewable Energy Project;** this project is intended to generate power using solar energy solutions for local University consumption as well as sharing with the national grid. This project will have an impact on lowering carbon footprint of power generation in Kenya, and the associated research and development initiatives.
2. **Inter University collaboration with Universities in Germany;** Moi University's strategic direction is to enhance internationalization of the University. This will require more collaboration with Universities in Germany. You can take the initiative to promote this goal by connecting Moi University with Universities in Germany. Our areas of interest include staff and students exchange, dual qualifications and joint research, among others.
3. **Infrastructure support;** Moi University has embarked on a number of capital projects that require resource mobilization. We are also in the process of sourcing for funding for Moi University Endowment Fund and Moi University Foundation. Any efforts towards resource mobilization is highly welcome.

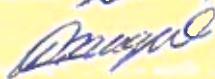

To the partners in Germany, Bernd NuBbickel, from Maintz, will be reaching out to you to discuss the details of our joint initiatives or initiatives on our behalf.

I kindly request your cooperation and support in working closely with Bernd NuBbleck to initiate partnerships with Moi University.

We look forward to your positive response and engagement.

Thank you Bernd for your expression of interest to support Moi University.

Yours *sincerely,*

Prof. Isaac S. Kosgey, Ph.D., MBS
VICE-CHANCELLOR.
